June 2013

Dear Pastor & Friends,

We appreciate you joining with us in prayer for a miracle. A couple of weeks ago we were asked to vacate part of the building where we have been renting for 8 years. We need to be out by July 15, 2013.

We have looked at different places and what we have seen are too expensive or too small. We need a place that we can get into and set up church to have services immediately.

We have found, what we feel, an ideal place for our present and future needs. It has good space and it has a building that can be used for church services. The owner has asked for a \$40,000 down payment and in one year pay off the balance of the property.

I know that only a miracle from God could do this and that is why we are asking for your prayers and also for wisdom to make the right decision.

I do not want to make a decision that is not the Lord's will.

If you would like more information or to see pictures of the property, please call me at (507) 6430-2523 or you can email me at: panama4jesus@yahoo.com

Thank you and God bless you!
