

# THE RODRIGUEZES

Rafael and Tracy, Evelyn, Emily, Rafael, Elisabeth

Dear Pastor and Friends,

Greetings from Panama!

We have a few prayer requests. First is for our family. Covid has arrived at our house. Last week we started having fevers and cold symptoms. Thursday the health department came to the house to test everyone for Covid. We have six out of twelve who tested positive. Please pray for everyone's healing and for no complications.

The next prayer request is for my brother's family, who is also my assistant and music director. He and his family also tested positive. Please pray for Bro. Orlando Acosta and his family. Pray for healing and for no complications. Pray for my mom, Delia Aguirre and my sisters, they also have tested positive for Covid. They all live together. Pray for complete healing and for no complications. Also pray for some church members who have also tested positive and are sick right now.

Due to the fact that both our families are sick, we are both under quarantine for at least fourteen days. All in-person church services are on hold. We are transmitting from the house.

Another prayer request is to build a kitchen onto the church. We no longer have the place that we used to use for our feeding center. We would like to build a kitchen onto the church building which would allow us to have the feeding center right there at the church. We need \$25,000 for this annex. Our church has raised \$1,000 so far.

Thank you for your prayers and support!

A handwritten signature in black ink that reads "Rafael Rodriguez".

Your servants in Christ,  
The Rodriguez Family
